Brentwood, CA 94513

Phone: (925) 634-2166 Fax (925) 634-1687

Eric L. Volta, Superintendent

Dear Parents and Guardians,

In accordance with California law, the Liberty Union High School District requires student immunization records to be up to date and verified for students to be allowed to attend school (California Health and Safety Code 120325-120375).

Effective prior to the start of the 2019-20 school year, the California Public Health Department has made the following change to the immunization requirements:

### **Requiring 2 (rather than 1) doses of chickenpox (varicella) vaccine**

The above changes are required for admission or transfer to any California public school

Students **MUST** have met the following immunization requirements to be allowed to attend school:

GRADE	NUMBER OF DOSES REQUIRED OF EACH IMMUNIZATION				
K-12 Admission	4 Polio	5 DTaP	3 Hep B	2 MMR	2 Varicella
(7th-12th)	1 Tdap				
7 <sup>th</sup> Grade Advancement	1 Tdap				2 Varicella

**In accordance with state law, if we do not receive evidence of your student's required immunization records, your student may be restricted from participating in walk-through registration and will not be allowed to attend any classes and/or participate in any extracurricular activities for the 2019-20 school year.**

Students who are restricted from attending school because of the lack of immunization records will still be subject to compulsory education and the laws pertaining to truancy (Education Code 48293(a)).

**NOTE:** If you believe your student might meet criteria for an exemption in accordance with state law or have any further questions, please contact your student's assigned building office.

Please visit [www.shotsforschool.org](http://www.shotsforschool.org) for more information.

Eric L. Volta, Superintendente

Queridos padres y tutores,

De acuerdo con la ley de California, el Distrito Liberty Union High School requiere que los registros de vacunación de los estudiantes estén actualizados y verificados para que los estudiantes puedan asistir a la escuela (Código de Salud y Seguridad de California 120325-120375).

Haciéndose efectivo antes del inicio del año escolar 2019-20, el Departamento de Salud Pública de California ha realizado los siguientes cambios a los requisitos de vacunación:

### Requerir 2 dosis (en lugar de 1) de vacuna contra la varicela

Los cambios anteriores son necesarios para la admisión o transferencia a cualquier escuela pública de California.

Los estudiantes **DEBEN** haber cumplido con los siguientes requisitos de vacunación para poder asistir a la escuela:

GRADO	NUMERO DE DOSIS REQUERIDAS DE CADA VACUNA				
K-12 Admisión	4 Polio	5 DTaP (Tétanos, Difteria, Tos Ferina)	3 Hepatitis B	2 MMR (Sarampión, Paperas y Rubeola)	2 Varicela
(7°-12°)		1 Tdap (Tétanos, Difteria, Tos Ferina)			
7° Grado Avance		1 Tdap (Tétanos, Difteria, Tos Ferina)			2 Varicela

**De acuerdo con la ley estatal, si no recibimos evidencia de los registros de vacunación requeridos de su estudiante, puede que se le prohíba a su estudiante participar en el recorrido de registración (walk-through) y no se le permitirá asistir a ninguna clase y/o participar en ninguna actividad extracurricular para el año escolar 2019-20.**

Los estudiantes que no pueden asistir a la escuela debido a la falta de su registro de vacunación estarán igual sujetos a la educación obligatoria y las leyes relacionadas con las ausencias injustificadas (Código de Educación 48293(a)).

**NOTA:** Si cree que su estudiante puede cumplir con los criterios para una exención de acuerdo con la ley estatal o si tiene más preguntas, comuníquese con la oficina asignada a su estudiante.

Por favor visite [www.shotsforschool.org](http://www.shotsforschool.org) para más información.

Tony Shah, Ed.D.

Asistente del Superintendente, Servicios Estudiantiles/Administrativos
