

Mr. Mauro's Zoom Policies

Expectations

- **Please** be on time to class and **please** stay for the entire hour.
- **Please** be fully clothed and **please** make appropriate clothing choices.
- **Please** try your best to create a workspace and **please** wear headphones for optimal hearing abilities.
- **Please** be ready to participate.
- **Please** have all of your class materials within reach.
- **Please** charge all devices you need.
- **Please** enter the Zoom call with your full name (last name, first name)—it makes it easy for attendance 😊
- **Please** respect the privacy of other students (district policy)

Internet Manners

- **Please** treat your peers appropriately, with tolerance, and respect. There is no place for discrimination in my classes.
- **Please** remove cell phones and all other distractions while attending class. (I love C.O.D too, but you won't catch me on multiplayer during class time.)
- **Please** participate in our class discussions.
- **Please** cite and use appropriate sources.
- **Please** avoid plagiarism—it's not worth it, I promise! **Please** review the district (website) and my personal (syllabus) plagiarism policies.
- **Please** enter Zoom chatrooms on mute and with your camera on for the entirety of the class.
- **Please** use the natural background behind you and avoid using custom backgrounds. Custom backgrounds can be distracting, especially when students constantly change it through the duration of class.
- **Please** always use good judgment. If you have to ask yourself if a choice you are going to make is a good decision or not, chances are it's probably not a good decision.
