LUHSD COVID-19 Update

Dear Liberty Union High School District Community,

Earlier today we were informed that three of our students, engaged in County Health Services' approved activities, have tested positive for COVID-19. At this time, it appears that the students contracted the virus outside of their workout "pods". The parents of all students who had close and remote contact with these students during the conditioning activities have been notified. Fortunately, I am convinced that while under the supervision of our coaches these students maintained social distance with their workout groups, and covered their faces going to and from their workouts while on campus. Attached is the district protocols for summer workouts that we, and other high schools, have implemented county-wide.

Although our district has a strong belief that all extracurricular activities help promote the academic, physical, and emotional development of our students, we are suspending all conditioning activities until it is clear if or when interscholastic sports will even occur.

I urge everyone in our community to practice the following guidelines regarding COVID-19:

- **Space:** Maintain Social Distancing
- **Face:** Cover your face with a mask or shield
- **Hands:** Wash your hands regularly for 20 seconds or longer
- **Home:** Stay home if you, or someone you have had close contact (within 6 feet for 15 minutes or longer) with is sick.

We will continue to apprise you of other relevant information pertaining to the scheduled August 10<sup>th</sup> first day of school. Obviously our local situation is changing daily. We, including the school board, are keeping a close watch on the impacts the virus is having on our community. We will continue make decisions accordingly with the best interests of our community in mind.

Sincerely,

Eric Volta
