

**Task 6.7****Transitional Goals**

**Transitional Goal - Daily Living:** Demonstrate effective skills to participate in all aspects of age-appropriate daily living and self-help activities.

**Transitional Goal - Employability:** Demonstrate effective personal skills and characteristics that affect employability potential.

**Classroom Activities/Lesson Plan****Mealtime: Sweep Floor**

The person assigned to this task is responsible for using a broom and dustpan to sweep up crumbs around the table and kitchen counters.

Task analysis cards are included to prompt the steps of this task.

1. *Get the broom and dustpan.*
2. *Sweep the dirt into a pile.*
3. *Sweep the pile into the dustpan.*
4. *Empty the dustpan into the trash can.*
5. *Put away the broom and dustpan.*

- Classroom staff should practice standing back and allowing the team members to be as independent as possible. Be available if a team member approaches and asks for help or if a team member needs to be redirected in completing a task correctly.
- For team members with more significant disabilities (level 1), the goal must be to find active ways that the team member can participate in jobs. This may include making choices between activities using physical assistance for participation and using a voice output device to give directions for a specific task, or choosing a classmate to be a partner in completing a given job. Look for any means to accommodate physical participation and increase communication during tasks.

**Differentiated Tasks***Level 3*

- Team members will independently complete assigned job tasks.

*Level 2*

- Team members will use picture support to complete tasks.

*Level 1*

- Team members will participate in jobs with physical support or by communicating directions.
