Official Transcripts

UC or CSU: Neither system requires any transcripts at the time of application. As part of an augmented or supplemental UC or CSU review, some students may receive a special request for an official transcript. Refer to your UC or CSU To Do List or the UC or CSU Admission Handbook.

Private & Out-of-State Universities /Colleges:
Usually require transcripts at the time of application. Most will also require a “mid-year” transcript, reflecting senior fall grades. Contact each institution for their requirements.

Official Final Senior Transcript: Once a student commits to an institution - only that individual institution will need the Official Final Transcript. A final transcript includes all four years of high school courses and grades, plus verification that the High School diploma has been earned.

How to Request an Official Transcript from HHS?

Request an electronic transcript by visiting:
www.parchment.com/register

If you are 18 years of age YOU must complete the request, not your parent/guardian.

Under18, a parent/guardian MUST sign off on your request form.
