Dear Parents and Guardians

I would like to welcome you back to the 2016-17 school year. Many of you are no doubt looking at our “Annual Notification to Parents and Guardians” while going through the lines at Walk-through. Because you are anxious to get through and make sure that your students schedule is what they wanted, many of you may just toss this document in the other stack of papers that you will receive at Walk-through. I ask that you take a few moments to take a look at this publication as many questions that you may have about the district and its policies can be found in this pithy reading.

We are very proud of the success our schools have realized over the past few years. In addition to having all three schools being named Gold Ribbon Schools, we just received word at the beginning of the summer that our district improved over last in the newly minted State Common Core Assessments. In addition to the strong core academic courses we have incredible school-to-career elective course offerings for our students. This, along with our multitude of extra-curricular activities, makes our District a special place to go to school.

Good luck and thank you for your parental support in reviewing this document.

Sincerely,

Eric L. Volta, Superintendent

# PARENT INVOLVEMENT

The Governing Board recognizes that student achievement and conduct improve when parents/guardians are involved in the education of their children. Principals and teachers shall communicate frequently with the home in ways that encourage parental involvement. Teachers shall provide advice and directions that enable parents/guardians to help their children review, expand, and reinforce the skills/concepts that are being developed in class. The Board encourages parents/guardians to serve as volunteers in the schools and to attend student performances, parent meetings, Board meetings, advisory groups, and parent workshops. The Board is committed to expanding opportunities for direct parent interaction with the school's professional staff.

The schools shall offer parents/guardians opportunities to enhance parenting skills which will make home environments conducive to learning.

The schools also may refer students and families to community resources that provide family support and educational opportunities. [BP 1251]

Each school receiving Title I funds developed a written parent involvement policy. The policy includes the following five items: Part I General Expectations; Part II Description of how the school will implement required school parental involvement policy components; Part III Shared responsibilities for High School Academic Achievement; Part IV Discretionary school parental involvement policy components; Part V Adoption of policy. Copies of school parental involvement policy can be obtained from your Principal's Office or the Liberty Union High School District Office.

## Digital Communications

Parents may be kept up to date with school information by subscribing to the school and district websites. To do this, select the Register button from [www.luhdsd.net](http://www.luhdsd.net) and complete the form.

Parents may view student attendance, grades and assignments through the Aeries Parent Portal. By providing an email address when a parent registers a child, an account for this system is automatically created. To retrieve lost passwords, parents can visit the site at <https://parents.luhdsd.net>.

The district subscribes to a caller system for the purpose of outreach and attendance messages. Phone numbers and email addresses provided at the time of registration will be used as the contact information. During an emergency, this system can also be used to notify parents regarding an incident at one of the campuses and directions, if needed.

As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We suggest you read it. We must get the signed form returned or your child may not be able to attend classes. We talk about when your child is absent from school. Only in certain cases is it permissible for a student to miss school.

Teachers build your child's education one day at a time, so every day is essential. In elementary, middle, junior, and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

## ATTENDANCE

### ☰ Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Many districts, by agreement, also allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in inter-district transfers. In some cases, the district must provide transportation. Students attending “persistently dangerous” schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48206.3, 48300, 48301, 48306, 48980, 49068]

#### 1. Intradistrict transfers:

The Governing Board desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also balancing enrollment in order to maximize the efficient use of district facilities. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation. The Board shall annually review this policy.

The parent/guardian of any student who resides within district boundaries may apply for enrollment in any district school regardless of the location of their residence within the district. The Superintendent or designee shall determine the available enrollment capacity of each district school and after addressing enrollment priorities identified by the Board in this Policy and its Administrative Regulation, establish a random unbiased selection process for the admission of students who reside outside of a particular school’s attendance boundary area.

#### **Enrollment Priorities**

The Superintendent or designee shall grant priority to any district student to attend another district school,

including a charter school, outside of his/her attendance area as follows:

1. Any student enrolled in a district school that has been identified on the state’s Open Enrollment List.
2. Any student enrolled in a district school receiving Title I funds that has been identified for program improvement (PI), corrective action, or restructuring.
3. Any student enrolled in a district school designated by the California Department of Education as “persistently dangerous.”
4. Any student who is a victim of a violent crime while on school grounds.
5. Upon a finding that special circumstances exist that might be harmful or dangerous to the student in the current attendance area. Special circumstances, include, but are not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers.

To grant priority under these circumstances, the Superintendent or designee must have received either:

- a) A written statement from a representative of an appropriate state or local agency, such as a law enforcement official, social worker, or a properly licensed or registered professional, such as a psychiatrist, psychologist, or marriage and family therapist
  - b) A court order, including a temporary restraining order and injunction
6. Any sibling of a student already in attendance in that school.
  7. Any student whose parent/guardian is assigned to that school as his/her primary place of employment.

No student who currently resides in the attendance area of a school shall be displaced by students transferring from outside the school’s attendance area.

The Board retains the authority to maintain appropriate racial and ethnic balances among district schools and has an over-arching interest in balancing enrollment at its comprehensive sites.

Schools receiving requests for admission shall give priority for attendance to students who have already established themselves at the school but moved outside the school’s attendance area, to those with siblings already in attendance in that school, and to students

whose parents or legal guardian is assigned to that school as his or her primary place of employment.

A student may be given priority for an intra-district transfer when requesting participation in a specialized program which does not exist at the school of attendance or when special circumstances exist that may be harmful or dangerous to that particular student at the school of attendance.

Once enrolled, a student shall not have to apply for readmission each year. The new school will become the student's "home school." However, the District reserves the right to revoke the intra-district transfer in the first year of its effect and return the student to the previous school if attendance, behavior and/or academic performance is not satisfactory.

Other than transfers obligated by federal "program improvement" or "persistently dangerous" school status at a school receiving Title 1 funds, the district will not provide transportation outside the school's attendance area. Upon request, the Superintendent or designee may authorize transportation of students living outside the attendance area to and from a designated bus stop within the attendance area if space is available. [BP 5116.1, January 2014; EC 35160.5, 35291, 35351, 48980; 5 CCR 11992-11994; 20 USC 6316, 7912; CFR 200.36-200.48]

## **2. Interdistrict transfers:**

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts.

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed to by both districts for reapplication and/or revocation of the student's permit.

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

The Governing Board recognizes that students who reside in one district may desire to attend school in another district and that such choices are made for a variety of reasons. The Board desires to communicate with parents/guardians and students regarding the educational programs and services that are available.

The Board will consider approving transfers on a case-by-case basis, subject to space and/or program availability.

The official policy of the Board with regard to Interdistrict Agreements shall be as follows:

1. Interdistrict transfers may be made for the reasons set forth below and those specified in AR 5117:
  - (a) If the student is in his/her senior year and his/her parents move to another district.
  - (b) If the parents have bonafide plans to move to another district during a semester and wish to avoid having to transfer their child in the middle of the term.
  - (c) Special or unusual circumstances which deem attendance of a student in a school outside his area of residence in his/her best interest as listed in AR 5117.
  - (d) The parent/guardian of the student is an employee of the District.
2. All requests for interdistrict transfers shall be submitted to the Superintendent or designee for consideration.
3. The Superintendent shall recommend approval or denial of interdistrict transfers to the Board. The Superintendent or designee has the discretion to determine the school assignment for the transferring student.
4. Criteria for denying an interdistrict attendance agreement may be based on any one of the reasons set forth below and those specified in AR 5117:
  - (a) any expellable offense
  - (b) any suspendable offense, as numerated on the suspension form.
  - (c) unsatisfactory behavior record as evidenced by office or class referrals.
  - (d) a grade point average of less than 2.0 on a 4.0 scale overall or in the previous semester/term (typically 18 weeks).
  - (e) an unsatisfactory attendance record as evidenced by school attendance records or SARB referral.
  - (f) Falsifying or intentionally omitting information on the interdistrict transfer form. (g) The student has not identified one of the reasons identified in the "Approval of Interdistrict Transfer" section for the transfer request.
  - (h) The transfer would cause or contribute to the District's enrollment figures exceeding capacity.

- (i) The transfer would require the District to create a new program or provide a new service to serve the student.
  - (j) District of student's residence has denied the request.
5. In the case of Liberty Union High School District students attending another district through an interdistrict agreement, Liberty Union High School District shall reimburse the district of attendance the full state apportionment for each A.D.A. generated.
  6. In the case of out-of-district students attending Liberty Union High School District high schools, the district of residence shall reimburse the Liberty Union High School District the full state apportionment for each A.D.A. generated.
  7. Transportation beyond that normally provided for students living in the district shall not be provided for students attending on an inter-district attendance agreement.
  8. Interdistrict transfer agreements shall have a term of one (1) year. The student must apply for interdistrict transfers annually. [BP 5117, February 2014; 46600-46610,48204, 48980, 52317]

### **3. Open enrollment**

Due to the transition to the new California Assessment of Student Performance and Progress system, the open enrollment list for 2016-2017 cannot be calculated. The District had at least one school on the list of 1,000 low-achieving schools for the 2015-2016 school year. For information about transferring to a different school under this provision, please contact the District Office. [EC 48350-48361]

### **● Bus Transportation**

Bus transportation is available for students living more than two miles from their home school and in an area where a bus route is developed. This is a fee-based program and must be applied for annually. Students must have a valid bus pass to ride the bus. Bus rules and safety information is provided to parents when the bus pass is issued.

### **● General Absences**

Children cannot learn if they are not in school. Children learn early about being on time and not missing school. For students 6 to 18 years old, daily school attendance is compulsory. Daily school attendance improves student achievement. Teach your child to be on time and that school attendance is an important family value.

It is also important that you know the state only awards funding to school districts for actual attendance. The state no longer funds districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, still rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Unexcused absences result in a recorded truancy.

1. Notwithstanding E.C. 48200, a pupil shall be excused from school when the absence is:
  - A. Due to his or her illness.
  - B. Due to quarantine under the direction of a county or city health officer.
  - C. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
  - D. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
  - E. For the purpose of jury duty in the manner provided for by law.
  - F. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
  - G. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization. When the pupil's absence has been requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
  - H. For any student 16 years old or older, with a GPA of 2.5 or higher, for the purposes of serving as a member of a precinct board for an

election pursuant to Sec. 12302 of the Elections Code.

- I. For the purpose of spending time with a member of the pupil's immediate family, who is an active duty member of the uniformed services, as defined in EC 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
  - J. Participation in religious instruction or exercises in accordance with district policy.
2. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit thereof. The teacher of any class from which a pupil is absent shall determine the tests and assignments, which shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
  3. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
  4. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
  5. "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil." [EC 46014, 48205]

### ● Leaving School at Lunch Time

The Liberty Union High School District School Board has established a closed campus policy at all sites. Students may not leave campus at any time during the school day. This is for the security of the campus and to protect your student's health, safety, and welfare. Please cooperate by not requesting permission for your student to leave campus during the school day. [EC 44808.5]

### ● Minimum Days/Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month's notice. The dates that were known at press

time are printed in the calendar in this booklet. [EC 48980(c)]

### ● Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a), 48980(h); FC 6550-6552]

### ● Attendance in District in Which Parent or Guardian is Employed

Until June 30, 2017, your child may have the option of attending school in the school district where you or your spouse are employed for at least 10 hours per week. After July 1, 2017, if you and the child live at your place of employment within the district three (3) days per week, the child may attend school in the district. If interested, call the district office for information. [EC 48204(b), (48204(7) after July 1, 2017), 48980(i)]

### ● Enrollment of Homeless or Foster Youth

Foster and homeless children living in the District shall be permitted to attend a school in the District unless they: 1) stay enrolled at their school of origin, 2) their IEP indicates attendance elsewhere, or 3) the parent or guardian, with knowledge of all options, declares in writing otherwise. [EC 48850-48859; 5 CCR 4622; WIC 361, 726, 56055]

### ● Individualized Instruction

If your child has a temporary disability preventing him/her from attending regular classes, the district will provide individual instruction when possible. [EC 48206.3, 48980(b)]

### ● Pupils in Hospitals Outside of School District

If, due to a temporary disability, your child is in a hospital or other residential health facility, which is located outside your school district, he/she may be eligible to attend the school district in which the hospital is located. [EC 48207] If this situation should arise, you should notify both the district where you reside and where the hospital is located so that individualized instruction, if possible, can be provided. [EC 48208]

## ● Truancy

The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. The three are truant, habitual truant, and chronic truant.

**Truant:** A student is truant after missing three days school or 30-minute periods without a valid excuse.

**Chronic Truant:** A chronically truant student has missed 10 percent or more school days in a school year.

**Habitual Truant:** If a student is truant three or more times in a school year and an effort is made to meet with parents, then the student is a habitual truant.

**Interventions:** Students who are habitually truant, miss a lot of school or disorderly can be referred to a student attendance review board (SARB), a district attorney mediation program, or the county probation department. Through these programs the student can be given guidance to meet special needs for improving attendance or improving school behavior. The goal is to intervene before a student enters the juvenile justice system or drops out.

**Student Penalties:** First truancy may result in a one-day weekend class. Second truancy may be a written warning from a peace officer that remains in the student's records. Third truancy may result in assignment to an after-school or weekend program, a SARB, a probation officer, or district attorney program. A fourth truancy may result in a chance to improve attendance, but may also result in the student being placed within the jurisdiction of, and as a ward of the juvenile court. Other actions may include required community service, payment of a fine of \$100, attend a truancy mediation program, and loss of driving privileges. A finding of truancy may be handled through available community services.

## ● Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of

the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

## INSTRUCTION AND CURRICULUM

### ● District Courses

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost. Parents/Guardians have the right to review all course material. [EC 49091.14; PPRA]

### ● Academic and non-academic courses, classes, electives, activities, sports, and related facilities

State and federal policies require academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities be available to all students without regard to their gender or gender identity, and irrespective of the gender listed in their records. Staff will not counsel students into programs, courses, or careers based on their gender or gender identity. [EC 221.5, 221.8, 49600; GC 11135, 11138; Title VI, Title IX; § 504; California Interscholastic Federation (CIF) 300D]

## ● California State Academic Standards

California along with most other States developed and adopted common academic standards in core curriculum areas. They are rigorous, internationally benchmarked, and research- and evidence-based.

Each state, and each district in California decides how they will teach and what resources they will use. More information can be found at [www.cde.ca.gov/re/cc/](http://www.cde.ca.gov/re/cc/) or [www.corestandards.org](http://www.corestandards.org). California launched a new computer-based student testing system that ties to the standards for English language arts and mathematics called the California Assessment of Student Performance and Progress (CAASPP). This new system replaces the Standardized Testing and Reporting (STAR) Program that was based on 1997 standards. Parents can opt their child(ren) out of CAASPP testing by submitting a written letter. More information about the CAASPP can be found at [www.cde.ca.gov/ta/tg/ca/](http://www.cde.ca.gov/ta/tg/ca/). [EC 60119, 60604.5, 60615]

## ● LCFF and LCAP

The LCFF (Local Control Funding Formula) changes the way the State provides money to school districts. Under this new system, school districts receive a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 55% of the district's enrollment. More information about the LCFF is available at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/).

The LCAP (Local Control Accountability Plan) is a critical part of the LCFF. Each school district is required to engage parents, educators, employees, and the community to establish their plan. The plan must describe the overall vision for students, annual goals, and specific action to achieve these goals. The LCAP must focus on eight areas identified as State priorities. The plan will demonstrate how the district's budget will help achieve the goals, and annually assess how well the strategies improved outcomes. [EC 52060, 52066]

## ● Curriculum and Personal Beliefs

Whenever any part of the instruction in health or family life education conflicts with your religious training and beliefs or personal moral conviction, or

---

Your children may decide, or you may decide for them, not to participate in some parts of certain classroom activities for various reasons.

---

those of your child, your child shall be excused from such instruction upon your written request. [EC 51240]

## Family Life, Human Development, and Sexual Health Education

Your child will be taking classes in compliance with the California Healthy Youth Act. These will include instruction in comprehensive sexual health education, HIV prevention education, and research findings regarding pupil health behaviors and risks. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker for ten cents (10¢) per page. You will be notified before such instruction, and have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. At the discretion of the District, staff gives such instruction. If taught by a consultant or guest speaker, or in an assembly, parents will receive notice of the dates, name of organizations, and affiliation of speakers by mail or other commonly used method of notification at least 14 days prior to the dates of the class or assembly. During this class, students in grades 7 - 12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at [www.leginfo.legislature.ca.gov](http://www.leginfo.legislature.ca.gov). [EC 51933, 51934, 51937-51939]

## Dissection of Animals

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255]

## Tests/Surveys on Personal Beliefs

You and/or your children over 18 will be notified and will be asked for written permission before your child is given any test, questionnaire, survey, examination, or marketing material containing questions about your child's, or his/her parents' or guardians'

personal beliefs or practices in politics, mental health, anti-social, illegal, self-incriminating, or demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility in a program or for receiving assistance), sex, family life, morality, or religion. Parents may also opt out of their child supplying information to be used for marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to the surveys and personal information. California healthy kids survey is given each spring to 9th & 11th graders. Parents sign a permission slip for students to participate or not. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. [EC 51513, 60614, 60615; PPRa; 34 CFR 98; ESEA]

## ● **University Admissions**

### **University of California/California State University Admissions**

Admission to the California State Universities requires a minimum 15-unit pattern of courses for admission as a first-time freshman. Each unit is equal to a year of study in a subject area. A GPA of 2.0 (C) or higher is required for regular admission. Admittance is based on an eligibility index that combines multiple items. Transfer students are accepted.

Admission to the University of California requires completion of the 15 yearlong high school course list. These courses are also known as the “a-g” subjects. At least seven of the 15 yearlong courses must be taken in the students last two years of high school. A GPA of 3.0 (B) or higher is required for California residents. [EC 48980, 51229]

### **Definition of career technical education**

A program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge

to provide students with a pathway to postsecondary education and careers. More information is available about Career Technical Education at California Department of Education, [www.cde.ca.gov/ci/ct](http://www.cde.ca.gov/ci/ct). [EC 48980(1), 51229]

## **College or Career Counseling**

High school counselors are trained to help students prepare for college or career planning. They take students through all the steps so nothing is missed including information about financial aid, requirements, and careers. Most counselors are available by appointment and will meet with students and their families. [EC 48980, 51229]

## **SCHOOL RECORDS AND STUDENT ACHIEVEMENT**

### ● **Pupil Records**

You and your children over 18 have the right to review, get copies, and inspect their school records within five business days of a written or oral request or before any meeting regarding an individualized education program or a hearing. Those records are confidential, and privacy will be maintained, except in some instances such as when your child transfers to another school. In some instances information about your child may be released to District staff, foster agencies, after school program operators, summer camp operators, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health. The records are maintained at the school site by the registrar. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation 5125.1 sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made of the contents. If you cannot afford the cost of copies they will be provided free of charge. You also have the right to file a written request with the superintendent challenging the records. You can challenge how your request was handled with the

district or with United States Department of Education if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer’s expertise, comment not based on personal observation with time and date noted, misleading information, or violation of privacy rights. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student’s record. [EC 8484.1, 49063, 49060, 49068, 49069, 49069.3, 49070-49079.7, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR 99]

For a smoother transition, through a relationship established with the Department of Defense and the California Department of Education, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. [EC 51250]

### **Student Data from Social Media Websites**

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

### **● Regulations Regarding Pupil Achievement**

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student’s ability, citizenship and effort. [EC 49067]

### **● Teacher Qualifications**

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.61]

### **● Release of Directory Information**

The law allows schools to release “directory information” to certain persons or organizations including military recruiters. Directory information includes a student’s name, address, telephone number, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the student. You may have the district withhold any of this information by submitting a request in writing prior to the third week of school. Written notification received after the date specified will be honored, but the student’s information may have been released in the interim. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

### **● School Safety Plan**

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, and disasters. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289]

## **STUDENT SERVICES**

### **● Student Lunch Program**

Many sources of school funding depend on the number of students that qualify for free or reduced-price meals. If your child qualifies for free or reduced-price meals, they may automatically qualify for other programs or services. Your child may, but is not required to take advantage of these services. Information on the application is confidential, and is used only to determine funding sources for the district. Please submit an application to help the district qualify for as many of these funds as possible. [EC 49510-49520, 49558]

### **● Student Use of Technology and the Internet**

The Governing Board recognizes that technology provides ways to access the most current and extensive

sources of information. Technology also enables students to practice skills and to develop reasoning and problem-solving abilities. In addition, electronic resources foster workplace skills that may be transferable to new technologies. Every effort shall be made to provide equal access to technology throughout the district's schools and classes.

The Governing Board intends that technological resources provided by the district be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that blocks or filters Internet access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced.

To discourage access to adult content on-line electronic services and preclude other misuses of the system, the Superintendent or designee shall establish user qualification criteria and shall ensure that students receive training in user obligations and responsibilities.

The Superintendent or designee shall establish an Electronic Information Resource Access Contract for students, staff, and parents which describes personal responsibilities, acceptable use, privileges, etiquette, services, security, and vandalism concerns. Before using on-line services, the student and parent/guardian shall sign annually the district's user contract indicating that the student understands and agrees to abide by specified user obligations and responsibilities.

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.

Student use of district computers to access social networking sites is prohibited. To the extent possible, the Superintendent or designee shall block access to such sites on district computers with Internet access.

Staff shall closely supervise students while using on-line services.

The Superintendent or designee shall establish administrative regulations governing use of the district's

on-line services. He shall ensure that users have no expectation of privacy and understand that district staff may monitor or examine all system activities to ensure proper use of the system. Students who fail to abide by these regulations shall be subject to disciplinary action, revocation of the user account, and legal action as appropriate. [BP 6163.4, August 2012; EC 51006, 51007, 60011, 60013, 60017.1, 60044; PC 632; 20 USC 6801-7005]

### ● **Impersonation on the Internet**

Pretending to be another pupil or real person other than yourself on the Internet or through other electronic methods to harm, intimidate, threaten or defraud is punishable by a \$1,000 fine or imprisonment for up to one year. [EC 48900; PC 528.5]

### ● **School Accountability Report Card**

The School Accountability Report Card is available on request, and is available annually by February 1st on the Internet at <http://libertyunion.schoolwires.net/SARC>. It contains information about the district and school regarding the quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. [EC 33126, 32286, 35256, 35258]

### ● **Services to Disabled Pupils**

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, tell or write the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

### ● **Advanced Placement Examination Fees**

State funding is available to qualified low-income students to assist in paying all or part of Advanced Placement exams. [EC 48980(k), 52240] Information is available in the Career Center.

### ● **Pupil Fees**

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes. A pupil enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging of fees or deposits. These exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like as woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal, and may be filed anonymously.

## HEALTH SERVICES

### ● Immunizations

A pupil may not be admitted to a classroom setting in school unless he/she has been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, tetanus, and varicella (chickenpox). Students must be immunized for varicella or provide proof from a doctor stating child has had the disease. All advancing students, new students, or transferring students in grades 7 through 12 must be fully immunized, including a required booster against

pertussis (Tdap). They shall not be admitted without the Tdap booster.

It is this district's policy that there be no "conditional" admittance to schools. Documented proof that immunizations are up-to-date is required before admission to school is granted. This requirement does not apply in at least the following instances:

- If note from physician is supplied saying physical or medical condition does not allow vaccination.
- If a homeless or foster child is enrolling.

The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services.

If an outbreak of a communicable disease occurs at a school, the non-immunized student will be excluded for his/her own safety until such a time as directed by health officials or district administration.

Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying the County Health Department listed in this section. [HSC 120325, 120335, 120338, 120370, 120375, 120400, 120405, 120410, 120415, 120480; EC 48216, 49403, 48852.7, 48853.5; 17 CCR 6000-6075; 42 USC 11432(C)(i)]

### ● Physical Examinations

If you want your child to be exempt from physical examinations at school, file a written statement annually with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPRA]

### ● Hearing Test

The school district is required to provide for the testing of hearing of each student enrolled unless you submit a written denial of consent. [EC 49452]

### ● Administering Medication

Children may take medication, which is prescribed by a physician, and get help from school personnel during the school day if:

---

For your child's safety, we need to know if your child is taking medication on a regular basis.

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. This includes allowing a school staff member to volunteer to identify the need for, and administer glucagon, epinephrine, and epilepsy seizure medication to a student. The letter gives permission to a district representative to communicate with the health care provider, pharmacist and acknowledge understanding of how the medication will be administered. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine. The District will have a supply of epi-pens at each school site. [EC 49414(d), 49414.7, 49423, 49480]

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. [EC 49414, 49414.5, 49423, 49423.1, 49480]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

### ☛ **Sun Protection**

Students when outdoors can wear sun protective clothing, including, but not limited to hats. [EC 35183.5] Students may also apply sunscreen during the day without a doctor’s note or prescription. [EC 35291, 35294.6]

### ☛ **Medical and Hospital Insurance for Students**

The district DOES NOT provide insurance for individual students. However, the District’s insurance provides global coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. However, the District must be deemed legally liable for such Liability insurance to apply. Hence, the District does not automatically assume liability for any accident to

any pupil. Contact the district office at (925) 634-2166 ext 2030. [EC 32221.5, 49472; ne]

**Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. Information about these programs may be obtained by calling Covered California (800) 300-1506. [EC 49471.5]**

Public, Charter, and Private school parents/ guardians and athletes are annually required to complete a concussion awareness form if student participates in school-sponsored athletics other than physical education or athletic event during the school day. [EC 49475]

### ☛ **Drug, Alcohol and Tobacco Prevention Programs**

The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs, alcohol, or any form of tobacco product on District premises or as a part of any District activity is strictly prohibited. Beginning in January 2017, “tobacco product” is defined as (i) any product made or derived from tobacco or nicotine that is intended for human consumption, regardless of how consumed; (ii) an electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device (commonly known as “e-cigarettes”); or (iii) any component, part or accessory of a tobacco product. Except for members of the military, possession of tobacco by those under 21 is illegal and can lead to a \$75 fine or 30 hours of community service. It is illegal to possess synthetic marijuana. School districts may adopt no smoking policies that are not part of the TUPE program. The District has adopted a policy banning electronic-cigarettes (e-cigarettes) and other vapor delivery devices. [EC 48900, 48901; HSC 11357.5, 11375.5; BPC 22950.5(c); PC 308]

This district often seeks funding to support student programs; the district qualifies for Tobacco Use Prevention Education (TUPE) grant money. Money for the grant comes from Proposition 99 (1988) that added a 25¢ tax on each pack of cigarettes. In grades 6-12, TUPE funds support health education efforts aimed at the prevention and reduction of tobacco use by students and provide intervention and cessation services to students currently using tobacco. All recipients

will adopt tobacco free district policies as well as post “Tobacco Use Is Prohibited” signs at all property entrances. [HSC 104350, 104420, 104460]

### **Synthetic Marijuana (Cannabis)**

Every person who sells, dispenses, distributes, furnishes, administers, gives; or offers to sell, dispense, distribute, furnish, administer, or give; or possesses for sale any synthetic cannabinoid compound, or any synthetic cannabinoid derivative, to any person, is guilty of a misdemeanor, punishable by imprisonment in a county jail not exceeding six months, or by a fine not exceeding one thousand dollars (\$1,000), or by both that fine and imprisonment. The district has available upon request a complete and updated management plan for asbestos-containing material. [40 CFR 763.93]

### **● Pesticide Use**

The District is providing parents the name of all pesticide products expected to be applied at school facilities this school year. The identification includes the name and active ingredients. Only fully certified pesticides can be used on school grounds. The school's Integrated Pest Management Plan (IPM) is updated by July 1 each year. The IMP, pesticide names and active ingredients, and application dates are posted on the school and/or district website at <http://libertyunion.schoolwires.net>.

Parents and guardians may register with the school or district if they wish to receive notification of pesticide applications at a particular school or facility. Notice of an application and written notice of unlisted pesticide use will be given 72 hours in advance. For an emergency application, 72 hours notice will be the goal. Each area of the school where pesticide is being used will be identified by a posted warning 24 hours before (or upon application, if an emergency) through 72 hours after use. Further information is available from the California Department of Pesticide Regulation, P.O. Box 4015, Sacramento, CA 95812-4015, [www.cdpr.ca.gov](http://www.cdpr.ca.gov). The District is committed to using green products in pest management. The products listed above will only be used as a last resort when other "green" options are not sufficient. The school district does not use any pest management products with the signal word "danger", and in the majority of cases the products used fall into the safest category, "caution". Pest management products are applied when children are not present. Applicators receive annual safety training, strictly follow the U.S. EPA label instructions and only apply pesticides when they are necessary.
