

Hello,

I am hoping that everyone is doing okay. My family and I are doing okay. It's been a struggle for me to stay home yet I realize that it is important to do so. At home, I am working hard to improve my technology skills so that I can provide you with the best educational experience for the remainder of the school year.

Last week, I decided to embark on another resource (google classroom) for you to access for assignments and communication. Instructions are below:

Students will be able to access/review assignments, use discuss board with each other, and download completed assignments into the classroom.
