

## **2019-2020 School Year – Image & Audio Recording Consent Form**

Dear Parents/Guardians,

We need your consent to photograph, video record, and audio record your child. Most of these actions are to facilitate student learning. Video and audio recordings are sometimes used for the Band/Drumline, a section of the group, or an individual musician to hear themselves, critique performances, and choose how to improve our sound. We also need photos and videos to promote events and our program to the community. We are also trying to create “Virtual Ensembles” using individual audio/video submissions. Please read this list of itemized consent items and sign below.

With your signature below, you consent that:

- I am the legal parent or guardian (releaser) of the child participant named below.
- I give permission for the participant to be photographed, video recorded, or audio recorded.
- I understand, agree and give permission for Mr. Carreon/Heritage/Liberty HS to display the photographs or videos on the School/District/Band Boosters website and internet.
- I understand, agree and give permission for Mr. Carreon/Heritage/Liberty HS to display the photographs or videos in episodes of the school video production’s announcements.
- I understand, agree and give permission for Mr. Carreon/Heritage/Liberty HS to publish the photographs or videos in DVDs from the school video production’s team.
- I understand, agree and give permission for Mr. Carreon/Heritage/Liberty HS to publish the photographs or videos in promotional fliers and materials used to recruit more students and promote Band/Music events.
- I understand, agree and give permission for Mr. Carreon/Heritage/Liberty HS to record and play back audio for in class critique and testing.
- I understand, agree and give permission for my child to upload audio recordings of themselves to the internet via email, Dropbox or Google drive to send to Mr. Carreon for testing and evaluation.
