

Sunday, April 5, 2020

Hi everyone!!!

1. Work will primarily come from a central location for all math classes. Since there has been a change in the AP Exam, we will start with reviewing now. Check out the update I posted last week for more information by clicking [here](#).
2. To access the assignment, go to the Freedom website. Under the image you will see a column titled "announcements." Click on the link that says "Online/Distance Learning," all your classes should start here. You will then click on the "Math" icon and then go and click on AP CALCULUS or just [click here](#).
3. We will start this week with reviewing the free response questions I gave you before break.
4. Before all of this happened, grades were based solely on your test and quiz scores and homework. For now, that has changed and to begin with your participation/attendance at zoom meetings and/or the work you turn in (via hardcopy or email) will now be part of your grade.
5. My normal school email is: murnaned@luhsd.net
6. My Google Voice number is (925) 529-1149. This is used as a regular phone call, so no calls after 4 pm please.

On Tuesday I will have a "Zoom" meeting from 11:00 to 1200 pm to answer any questions you might have about accessing your work, as well as any questions about your work. I will send out another email 30 minutes before the meeting that will have a link to the meeting. When you click the link, you will need to download the app for smartphone or it will prompt you to download a small file on a computer.

Also, I will have "Zoom" office hours on Tuesdays and Thursdays from 11:00-12:00 pm

At the end of the week I will evaluate the times and possibly offer more office hours. I will also continue to monitor my email and phone and please contact me with any questions or concerns.

I know these are crazy times, but we will find a way to navigate these new ways. The district is still working and tweaking this distance learning, how we are going to do 4th quarter and 2nd semester grades and some things could change. I will let everyone know anything I find out that might change. Thank you for your flexibility and understanding. If you have any questions or concerns, don't hesitate to reach out by email, text or phone.

Sincerely,

Mr. David Murnane
AP Calculus AB
