

Freedom High School
Math Department

Subject Area Policies: Pre-Calculus

1. Students are expected, but not required, to maintain a notebook.
2. Notes will be taken by students daily.
3. Daily learning objectives will be given to students.
4. Assignment logs will be given at the beginning of each chapter listing homework and dates for quizzes and chapter test.
5. Homework will be assigned daily, except on test days.
6. No calculators are allowed for the majority of tests and quizzes, however, graphing calculators are highly recommended so students can start to learn how to use them.
7. No notes, or note cards are allowed for use during tests or quizzes, however one 3x5 note card is allowed for 1st and 2nd semester finals.
8. Grades are based purely on tests and quizzes assessing each standard.
9. You will have multiple chances on each standard which is equivalent to retakes.
10. Each standard receives a grade based on a process called decaying weights.
11. Your final grade for the class is then an average of all the assessed standards.
