Subject: Title I Programs

Schoolwide Programs

A school may operate a Title I schoolwide program in order to upgrade the entire educational program of the school when at least 40 percent of the students in the school attendance area, or at least 40 percent of the students enrolled in the school, are from low-income families. (20 USC 6314; 34 CFR 200.25)

A school that does not meet these criteria may operate a Title I schoolwide program if it receives a waiver from the California Department of Education. (20 USC 6314)

Any school operating a schoolwide program shall develop a comprehensive plan with the involvement of parents/guardians, other members of the community to be served, and individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of other federal education programs), the district, tribes and tribal organizations present in the community, and, if appropriate, specialized instructional support personnel, technical assistance providers, school staff, secondary school students as applicable, and other individuals determined by the school. (20 USC 6314)

The schoolwide program plan shall be based on a comprehensive needs assessment of the entire school and shall be incorporated into a single plan for student achievement which also incorporates the plans required for other categorical programs included in the state's consolidated application. (Education Code 64001; 20 USC 6314)

The plan shall describe the strategies that the school will implement to address school needs, including a description of how such strategies will: (20 USC 6314)

1. Provide opportunities for all students, including economically disadvantaged students, ethnic subgroups, students with disabilities, and English learners, to meet state academic standards
2. Use methods and instructional strategies that strengthen the school's academic program, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education
3. Address the needs of all students in the school, but particularly the needs of those at risk of not meeting state academic standards, through activities which may include the following:
 - a. Counseling, school-based mental health programs, specialized instructional support services, mentoring services, and other strategies to improve students' skills outside the academic subject areas
 - b. Preparation for and awareness of opportunities for postsecondary education and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school

The plan shall also include a description of any applicable federal, state, and local programs that will be consolidated in the schoolwide program. (20 USC 6314; 34 CFR 200.27)

The plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet state academic standards. (20 USC 6314)

Targeted Assistance Programs

Any school that receives Title I funds but does not operate a schoolwide program shall use Title I funds to provide services to eligible students who are failing, or most at risk of failing, to meet state academic standards. Students shall be identified on the basis of multiple, educationally related, objective criteria, except that students in preschool through grade 2 shall be selected solely on the basis of criteria, including objective criteria, established by the district and supplemented by the school. (20 USC 6315); (20 USC 6315)

Eligible students include those who are economically disadvantaged; students with disabilities; migrant students, including those who participated in a migrant education program pursuant to 20 USC 6391-6399 in the preceding two years; English learners; students who participated in a Head Start or state preschool program in the preceding two years; students in a local institution for neglected or delinquent children and youth or attending a community day program for such students; and homeless students. (20 USC 6315)

Any targeted assistance program shall: (20 USC 6315)

1. Use program resources to help participating students meet state academic standards, which may include programs, activities, and academic courses necessary to provide a well-rounded education
2. Use methods and instructional strategies that strengthen the academic program, through activities which may include:
