# Principal's Message

California Department of Education recently released a new accountability model for schools. Unlike the old model which used a single number to measure how well schools are performing, the new dashboard measures performance across 8 areas/priorities set by the state. Here is a screenshot of the new report card for Heritage. The dashboard is accessible online at [www.caschooldashboard.org](http://www.caschooldashboard.org).

### VAPA (Visual and Performing Arts)

Students enrolled in the VAPA (Visual and Performing Arts) classes were able to attend a field trip at LMC on Friday February 10th for a Career Focus Day. Students learned about LMC's exciting creative arts programs. They enjoyed a performance by the LMC Music and Theater programs. They were able to tour the campus and art studios as well as the journalism and recording arts classes. Students learned more about enrolling at LMC. They were treated to lunch as well. This was a great opportunity for our students who are interested in pursuing the Visual and Performing arts at the college level.

### College & Career Center

Keep current with all the College & Career Events by following us on twitter @HHSCollegectr or checking out our website regularly at: <http://libertyunion.schoolwires.net/domain/441> This is a great tool to stay informed of all the events happening in the College & Career Center. We have several college presentations scheduled during the school day and encourage students to sign up to attend in the CCC. We have also started tabling in the quad area at lunch on Tuesday's. Our goal is to create a more visible presence on campus and an opportunity for students to interact with the counselors and College and Career Center.

Test prep books are available to students that have registered for the test in the College & Career Center and additional prep material can be found at [www.khanacademy.org/sat](http://www.khanacademy.org/sat)
