Registration dates and times are available on the HHS website or in the Career Center.

Kaplan Mock (practice) allows a student to gain test taking experience without the pressure of taking the actual test. Kaplan follows up with a result seminar the following week.

PSAT assesses the student's ability to reason with facts and concepts. Is used by the National Merit Scholarship Corporation (must be a junior to qualify but students can begin taking the exam in their Freshmen year). PSAT provides personalized feedback and suggestions through My College Quickstart.

ASVAB has tests and activities that help students identify their interest and provide information about their Verbal, Math and Science and Technical skills. The test is also used by the US Military. However, test scores are not released unless written documentation is provided.
