Antigone:
1. Character Foil Precis

Done with all your work and looking for something to do?
1. Pick up a book and set a goal to read for at least 20 minutes a day.

1. Character Foil Precis: Choose a character whose words, actions, or ideas contrast with Creon's character. Explain how these conflicting motivations contribute to Creon's development as a character (that is, what traits of Creon's are highlighted through this foil character?)
    a. Character Foil Choices (Choose one of these characters to write your paragraph about):
        - Antigone
        - The Guard
        - Haemon
    b. Write one paragraph. Your paragraph should follow the Precis Format and include 2 pieces of textual evidence from the play. Use this document if you need a reminder of the Precis Paragraph Format. Paragraphs should probably be between 1-2 pages in length.
        - This year, we've been working on blending evidence with our set-up. Please do so in your paragraph. If you need a refresher on how to do that, you may see the notes here.
        - You may also review the character foil notes here for helpful information about how to think through your foil character, how they contribute to Creon's development, and how to approach your analysis.
    c. Remember to look at the grading Rubric on page 366 of your Springboard Textbook. Your paragraph will be graded on the following criteria: Ideas #2 & 3, Structure #3, Language #3.
    d. **Type in MLA format and submit your paragraph to Turnitin.com by 9:00 A.M. on Monday, June 1st.**

2. You're done! Have a great summer! Come by and say hi when we return next year!
