Community Service Activity Hour Sheet

Please complete entire form **legibly** or hours may not be recorded.
Submit form within **TWO** weeks of your event date to **B103**
Complete the top half **BEFORE** the supervisor signs.

Community service must be verified each semester as one of your obligations of membership in the chapter or to establish your eligibility. **National Honor Society** is an organization dedicated to foster high standards of scholarship and leadership through service to the school and community. The Liberty High School Chapter provides for these goals through active membership and service.

Volunteer service may include tutoring students, working for a charitable organization (**without pay**). When volunteering along with a family member, the service must be for a recognized nonprofit group (civic organizations or events, etc.), and only hours performed by the NHS member can be counted. If there are **ANY** questions about the validity your anticipated service participation, ask the chapter adviser, Ms. Marquardt and ask for prior approval if it is not a sanctioned NHS event.

Your individual service should reflect your talents and interests, and serve a need within the community.
