

How to Set-up a Parent Observer Account in Canvas

Canvas in LUHSD

LUHSD recently worked with Canvas, our learning management system, to allow parents to access/observe student accounts.

Incentive(s) for parents to access and use Canvas in LUHSD is to view assignment due dates and scores.

Although Aeries continues to be used by LUHSD, it is primarily our student information system and used for attendance and end of grading term marks.

	BY INSTRUCTURE	
Viewing:	Canvas	Aeries
day-to-day assignments and expectations	Yes	
day-to-day due dates	Yes	
day-to-day scores by assignment	Yes	
communication with teacher (via "inbox")	Yes	
end of grading term marks for student		Yes

Step 1 - Obtain Pairing Code

Have your student log into Canvas to access and generate a pairing code. Separate codes must be created for each observer.

Click the Pair with Observer button [3].

Step 2 - Create a Parent Observer Canvas Account

Using Chrome or other web browser, open <u>luhsd.Instructure.com/login/canvas</u>[1]:

Iuhsd.instructure.com/login/canvas

[2]:	Enter the follo
Representation of a Canvas User? Click Here For an Account Login Password	 Enter your nam Name field [3]. complete first/la teacher to bette parent. Enter your emai Email field [4]. Enter your pass the Presented for the parent of the

Optional - Pair additional students

If you have more than one LUHSD student, follow the steps below. You may skip this step if you only have one LUHSD student.

In Global Navigation, click the **Account** link **[1]**, then click the **Settings** link **[2]**. In User Navigation, click the **Observing** link **[3]**.

Note: Each student is required to generate separate pairing codes for each observer (see page 3).

Step 3 - Review Notifciation Settings

×

Canvas includes a set of default notification preferences. However, you can change the default settings by setting your own notification preferences. Your notification preferences only apply to you; your notification settings do not affect course notifications sent to the student you are observing.

You can select one of four delivery frequency options for each notification type:

- Notify me right away
- Daily summary
- Weekly summary
- Don't send.

Open Account Notifications

In Global Navigation, click the **Account** link **[1]**, then click the **Notifications** link **[2]**. Set Notification Preferences

To view an observed student's name in notifications, click the **Show name of observed students in notifications** checkbox [1]. Currently only grade update notifications include observed student names.

To change a notification delivery frequency for a contact method, locate the notification and contact method. Then click the notification icon [2]. You can select one of four delivery frequency types:

•Notify immediately [3]: receive these notifications right away. These notifications may be delayed by up to one hour in case an instructor makes additional changes, which prevents you from being spammed by multiple notifications in a short amount of time.

Daily summary [4]: receive a daily summary for this notification type.
Weekly summary [5]: receive a weekly summary for this notification type.
Notifications off [6]: no notifications sent for this notification type.

Begin Observing as a Parent

To learn more about observer account navigation or how to install the Canvas app on a mobile device click the links below.
