School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2019–20)

Each year the LUHSD Board determines if we have 'Sufficient Standards-aligned textbooks and instructional materials' provided to each student by the eighth week of school and passes a resolution certifying such. This includes ELL (English language learners), in math, science, social science and language arts, including the ELD (English language development) component. Foreign language, health and visual and performing arts textbooks are also adopted and ordered in sufficient quantities. In addition, science laboratory equipment is available to those students in science laboratory courses.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven
Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)	74.0%	83.0%	58.0%	69.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	50.0%	55.0%	31.0%	37.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Career Technical Education (CTE) Programs (School Year 2018—19)

Currently, Heritage High School has twelve CTE pathways housed in our four career academies: Public Services, Arts and Entrepreneurial, Health and Technology. The academies allow students to concentrate in a particular area of interest. Students have the opportunity to explore careers, learn job-related skills such as but not limited to critical thinking, problem solving, leadership, as well as personal and interpersonal relations. Parents, community members and businesses collaborate to develop and support the educational and extra-curricular opportunities within the academies at Heritage High School. Academy coordinators in each of our four academy pathways continue to develop relationships and partnerships with local businesses in order to facilitate job shadowing, mentoring, and internships for our students. In this area there has been growth with the number of internship options for our students. Our interns are sent to hospitals, architectural firms, graphic design companies, plastic surgeons, geotechnical companies, art galleries, elementary and middle schools and more. Heritage High School academy students have partnered with at least 20 various businesses and organizations providing students with a wide range of opportunities related to post-secondary education and careers.

All of the career academies are reviewed on a regular basis to determine availability and accessibility to all student populations. Data is regularly examined to help determine the academies' areas of strength and areas for improvement as well as providing a forum for initiating discussion on strategies to make changes that will help strengthen areas of need. This format allows all academies to be involved in making positive changes to our school community.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019—20)

Parents play an essential role in the success of our students. Heritage is fortunate to have a strong parental support. Organizations with parent participation, such as our School Advisory Council, the Patriot Parents Organization (PPO), Athletic Boosters and Performing Arts boosters, serve our students and staff. Heritage High school has also developed targeted parent groups to reach out to parents of underserved students.

The goal of each of our groups and organizations is to ensure that parents have information they need to make well-informed choices for their children, more effectively share responsibility with their children's schools, and help schools develop effective and successful academic programs.

Parents may contact the school directly by calling 925-634-0037 or by accessing our website at <http://luhsd.net/heritage> to obtain more information or make direct contact.
