General Fund Summary

•Based on the Second Interim Assumptions

- With current assumptions LUHSD will be able to maintain state required reserves and fiscal solvency
- Spending down large amounts of one-time Federal and State funds as well as deferring one time revenue to 2022-23 and 2023-24

•Next Steps ~ Current Year and MYP

- Monitor enrollment
- Includes larger than normal certificated increased staffing using one time funds
- Includes increased supply purchases as well as increased student programs using one time funds
- Assumes negotiated settlements for 2021-22 not for 2022-23 or 2023-24
- STRS & PERS increased employer contributions for MYP
- Larger than normal ending fund balance due to spending of unrestricted and restricted one-time funds over two years
- Monitor states K-12 portion of minimum guarantee
 - Trigger reserve cap for school districts to 10% in 2022-23
 - Consider committing funds for Special Education cost increases as well as increases for STRS/PERS

QUESTIONS

The Board is asked to review and file the 2021-22 Second Interim Financial Report. The Second Interim report is a snapshot in time of the districts revenue and expenditure forecasts for current year as well as a projection of the two subsequent years. It is a time to adjust budget based on current factors that impact revenue and expenditures. This report signifies a Positive Certification of Financial Condition based on the current State Budget information. The Positive Certification indicates that based upon current projections, the District will meet its financial obligations for the current fiscal year and in the subsequent two fiscal years. The District filed a Positive Certification for the 2021-22 First Interim financial report in December 2021.

The CALPADS enrollment for the current year increased by 84 compared to last year's enrollment. This year's increase puts the 3yr average enrollment at a minus 5 due to the previous two years decline in enrollment. It is unclear if the district will continue to increase or decline in enrollment due this unprecedented time with the Pandemic. Although we have a significant increase in current year enrollment compared to previous year, no additional ADA is expected to be collected because of the large number absences due to quarantines and cases of coronavirus. The Second Interim ADA is based on last year's ADA of 7,903.88. Due to the uncertain trends, the enrollment projections will be monitored closely and adjustments will be made as additional information becomes available. Our 2020-21 demographer reported decreases in enrollment for current year as well as for 2022-23 and 2023-24, however reports a number of new homes being constructed and sold in our communities for these same years. The Second Interim MYP projections include a modest increase in enrollment of 20 for 2022-23 and 20 for 2023-24. The ADA (including COE and NPS) however is budgeted at 94.13% estimated attendance rate or 7,888.14 which is a slight decline of 15.74 for 2022-23 and is budgeted flat at 7,888.14 for 2023-24.

The Local Control Funding Formula includes the following components:

- Our base target grant for grades 9-12 equivalent to **\$10,100** per ADA. This amount includes an adjustment to the base grant to support CTE. This has not changed from Original Budget.
- Our 20% supplemental grant of **\$582** per ADA for English learners, students from low-income families, Homeless and foster youth to reflect the increase cost associated with educating those students. This is a minimal increase of \$2 from prior year due to the unduplicated count decrease.
- An additional concentration grant of up to 22.5% of LEA's base grant, based on the number of English learners, students from low-income families and foster youth served by the LEA to comprise more than 55% of enrollment.

The LCFF moved from a state-controlled system that emphasizes inputs to a locally- controlled system focused on improved outcomes. Districts are required to increase or improve services for English Learners, students from low-income families, Homeless and Foster Youth in proportion to the supplemental and concentration grant funding. New LCAP requirements came into effect in 2021-22, including: 1) the requirement for a mid-year one-time supplement to the annual update, and 2) carryover requirements for actions, expenditures, and qualitative improvements contributing to increased and improved services for targeted pupils. The SBE adopted a revised LCAP template in November 2021 to reflect all of the new requirements, including the carryover and additional concentration grant add-on requirements. The District continues to update the Local Control Accountability Plan annually, which identifies local goals in areas that are priorities for the state, including pupil achievement, parent engagement, and school climate.

The District's unduplicated percentage for the Second Interim is 28.92% and is a decrease of 1.39% from prior year. This decrease is a result of the COVID-19 Pandemic and the ability to capture all our families for the Free and Reduced lunch program. Since the unduplicated pupil percentage is a calculation based on a 3 year rolling average, this decrease will affect our supplemental funding for next 3 years. The District does not receive concentration grant.

One Time Federal and State Funding

The district is planning to receive or has received the following one time money from both federal and state resources to provide the district with emergency relief funds to address the impact of COVID-19 has had, and continues to have on school districts. Below is a summary of the allocation the district expected to receive along with what year we plan to spend it.

Current Year and Multi Year

Each year, the District addresses its salary and operational costs. There are cost increases for staff moving along the salary schedules and increases in utilities and other operational costs. The Second Interim includes negotiated settlement of a combination of one time and ongoing increases of 6.0%+ for all employee groups for 2021-22. It does not include any increases for two subsequent years at this time. We will be meeting with employee groups in the coming months to discuss future agreements. We continue to budget and monitor for increases for STRS and PERS employer contributions. The MYP also includes CPI increases from the School Service dashboard for supplies and services.

It is important to maintain adequate cash flow for payroll and other obligations. Cash flow is being closely monitored and the deferral impact to our district is not a huge concern for current fiscal year. We continue to work with COE and County Treasurers Office to ensure cash flow projections can meet our financial obligations and determine if cash borrowing will be necessary.

The Second Interim Financial Report MYP is using the FCMAT LCFF calculator and School Services recommendations. COLA is at 5.07% for current year and has increased since Budget Adoption for 2022-23 and 2023-24 to 5.33% and 3.61% respectively. As stated earlier, current year ADA is based on previous year, which is fortunate because current year is experiencing a very low actual ADA due to COVID-19 related absences. Although, the MYP has projected a modest increase in enrollment for 2022-23 and 2023-24 with an conservative attendance % of 93.00%, it results in a slight decline in overall ADA for the two subsequent years.

Due to the above-listed items, this Second Interim Report illustrates that the District is projecting to operate with a net decrease to fund balance of \$3,447,556 in the current year. This decrease to fund balance is primarily due to the spending of unrestricted and restricted one time funds carried over from last fiscal year as well as an audit adjustment of \$2.5M that was booked due to the state changing revenue reporting after the 2020-21 fiscal year was closed. Using the most recent LAO revenue projections and deferring some of the onetime revenue to the two subsequent years, we are expecting to have a deficit in both years of \$709K for 2022-23 and \$4.5M for 2023-24. Because the District is deficit spending and has a large amount of one time money spent on additional positions, the District will need to maintain "best fiscal practices", continue with prudent fiscal management when considering additional expenditures, and maintain adequate reserves. The district is able to provide the state required 3% Reserve for Economic Uncertainties in addition to the 2% Board reserve in the current year as well as two subsequent years, however the States' K-12 portion of the minimum guarantee will trigger the reserve cap for school districts in 2022-23. As you can see from the Second Interim MYP, the District is estimating fund balances to be in excess of the 10% for all three years. The district should consider taking board action to commit funds for special education cost increases, increasing STRS/PERS contributions and other priorities need to maintain sufficient fund balance. This fund balance will change based on added costs for employee-negotiated settlements.

Fortunately, our generous community supported Measure U, which is a facilities school bond measure. Because of the passage of Measure U, the general fund will no longer contribute to fund 40. \$60M of Bonds were sold in 2016 and the last issuance of \$62M was sold in October 2020. The District has several projects in progress currently. Measure bond funds are recorded in Fund 21 in the Districts financials.

The District will continue to address its financial condition and analysis of the budget and provide updates and recommendations to the School Board. It is critical for our district to monitor enrollment, the impact of using one time funds for ongoing expenditures and the increasing related costs to personnel (retirement, step and column).

The Board is asked to review and approve the 2021-22 Second Interim Financial Report.

Description of Adjustments	Total Expenditures	Expenditures Per ADA
Total adjustments to base expenditures	0.00	0.00

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 1,997,569.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 82,951,187.13

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 2.41%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. _____
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	3,842,993.81
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	449,873.85
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (4.85%) times Part III, Line B19); zero if negative	0.00
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (4.85%) times Part III, Line B19) or (the highest rate used to recover costs from any program (4.85%) times Part III, Line B19); zero if positive	(929,994.24)
D. Preliminary carry-forward adjustment (Line C1 or C2)	(929,994.24)
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	2.71%
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-464,997.12) is applied to the current year calculation and the remainder (\$-464,997.12) is deferred to one or more future years:	3.14%
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-309,998.08) is applied to the current year calculation and the remainder (\$-619,996.16) is deferred to one or more future years:	3.28%
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	(929,994.24)

Approved indirect cost rate: 4.85%
Highest rate used in any program: 4.85%

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
