Dear Fellow Lions:

That’s how many points our school’s Academic Performance Index (API) improved this year. Our new API is 785 (on a scale of 200-1000). Here is a look at our school’s growth API over the last six years:

This is a huge success! It is a tribute to our students, (who improved their learning and did a great job during testing), our teachers, (who worked hard to align their curriculum, instruction and assessment with the state content standards) and our parents and community (who provide incredible support to our students and school). Everyone should be congratulated on the improvement of our student scores.

Even more impressively, the significant subgroup score for our Socioeconomically Disadvantaged group increased 11 points, the score for our Latino student subgroup increased 13 points, and the score for our English Learner subgroup increased 20 points. The only significant subgroup score that decreased was for Students with Disabilities, which dropped 16 points.

This year all schools in California are embarking on a new journey. We have adopted national Common Core Standards which will impact the education of every student in our school. The new standards are designed to teach higher order thinking skills in greater depth, in order to better prepare our students for post-secondary excellence. We will enhance the technology in our schools in support of college and career readiness in the 21st century.

At Liberty High School, we are proud of our accomplishments, yet mindful of the continuous improvements we pursue in support of our students and their future.

With Lion Pride,

Patrick M. Walsh
Principal

- CAL GRANT- www.calgrants.org - or - www.studentaid.ed.gov
- On-line applications for the University of California (UC Colleges): www.universityofcalifornia.edu. Application period is from November 1-30, 2013.
The Playmakers Club

The Playmakers Club is pleased to announce its season for the 2013-14 school year. In September, the club produced one of Shakespeare’s greatest comedies, The Taming of the Shrew. Over forty students auditioned for the coveted 30 roles. The play had a great run, enjoyed by many audience members.

In February and March, you won’t want to miss Shrek, the Musical, based on the first movie featuring the lovable ogre. Additionally, you can count on some traditional favorites to grace the Liberty stage: A Christmas Story, the Senior Play, student-directed One-Acts and more. To keep up to date with what we are doing:
- subscribe to get e-alerts when we update our website - http://libertyunion.schoolwires.net/playmakers
- "like" us on Facebook: LHS Playmakers
- follow us on Twitter: @lhs_playmakers

AP Environmental Science Class

The AP Environmental Science class has received two grants to fund field studies at Marsh Creek. The National Oceanic and Atmospheric Administration has provided a Ocean Guardian Grant for $4000 and the Environmental Research Center has provided $600 to monitor the health of Marsh Creek with chemical and biological testing. Students will periodically evaluate the Marsh Creek Watershed.

Additionally, the Environmental Research Center is pairing with Liberty High School to test consumer products for lead. Students will submit products that they use and discover if the product contains lead. Students will compare their results with a high school in Southern California.

Also, the AP Environmental Class has been asked to plan and plant a native plant garden at the Knightsen Historical Society. Students are researching native plants for our area and drawing a garden plan. We hope to plant the garden in November.

We would appreciate any help with the garden plan or planting. Please contact Julie Hubbard at hubbardj@libertyuhsd.k12.ca.us

Freshman Flower Party

"The freshman flower party was a huge success! We made over 3,000 flowers to prepare for the float building the following week. The students had fun and it allowed us to concentrate our efforts on other design ideas during the actual float building week having gotten a lot of the flowers done ahead of time. All in all the freshman had a great time coming together to build their first float here at Liberty and riding in the parade to support their class of 2017."
New Liberty High School Teachers

John Boren
I am from Santa Clarita, California but I have family connections to Hayward, where both of my parents spent their teenage years, and other locations in the Bay area and Central Valley. After receiving a chemical engineering degree from BYU, I spent several years working for an environmental consulting firm in Southern California - mostly on gas stations and refineries. Since making the career switch I have taught chemistry, physics, and integrated science in high schools in Whittier, Lynwood, and El Centro. I have been married for four years and have a one year old son who likes to kick around soccer balls and play with wood chips.

Jennifer Flora
I was born in Las Vegas, Nevada and moved to California when I was a year old. I have lived all over California and attended school in many different parts of our state. I graduated from San Luis Obispo High School in 1999. I attended Cal Poly in San Luis Obispo and graduated with a BS in Child Development and a minor in Psychology in 2006. I earned my Multiple Subject teaching credential in 2008 and taught 2nd grade for one year. I moved to this area after that and began working with children with Autism. I provided ABA behavioral services in the home and community setting while working toward a master’s degree in Child and Adolescent Psychology. While working children on the spectrum, I decided to pursue a teaching credential in Special Education. During the 2012-2013 school year, I worked at a non-public school that serviced students with behavioral problems that prevented them from attending public school. I completed coursework for my special education credential for both mild to moderate and moderate to severe the summer of 2013 and am currently working towards earning a masters of Arts in Special Education, with an emphasis in Autism.

Grant Beyer
I was born in Walnut Creek, CA and lived the first 18 years of my life in Tracy, CA. I have two brothers (Marshall - Older, Cole - younger), they mean everything to me! I am blessed with two loving parents, Dana Caporicc - mom, and Lee Beyer - dad. I went to Tracy High School where I graduated with Principal Honors, then pursued a 2 year college (Delta College) where I played 2 years of college baseball and earned my AA degree. I then transferred to Azusa Pacific University where I earned a baseball scholarship and it is here where I earned my Bachelors Degree and Teaching Credentials. I was blessed to land a job right out of my credential program teaching at-risk kids in a small town called Burney, CA, which led me where I ultimately wanted to be and absolutely love teaching History here at Liberty and Heritage High School.

Christopher Carey
Hello! My name is Chris Carey! I am a native of Brentwood, and did my undergraduate studies as a broadcasting major at San Francisco State University. In addition, I also lived and studied abroad at the Pontifica Universidad Catolica in Santiago, Chile between 2007-2008, where I received a minor in Contemporary Latin American Studies in addition to completing half the course requirements for my B.A. in Spanish. Most recently, I spent the past three years in South Korea teaching ESL and Spanish at a WASC-accredited international school for Korean natives and foreign expats. In my free time, I enjoy traveling, playing sports, cooking, watching movies/documentaries, reading, learning new languages, and making household repairs.

Marcella Lapriore
Born in Los Angeles, CA to young parents, I went to schools in Long Beach, Lakewood, and Moreno Valley before graduating high school. I spent one year as an exchange student in Townsville, Queensland, Australia and still visit, as the family I stayed with and the friends I made became permanent parts of my life. I have three children: Hailey 22; Stuart 19; and Ethan 14. I have my BA in English from the University of Arizona, and my MA in English from CSU Hayward. I have been teaching for nine years, and have lived in Brentwood since 2002. I teach fitness classes. I am a yogini. I am a runner. I also write fiction.
Laura Mack

I am so excited to spend my first year teaching at Liberty High School. After graduating from Clayton Valley High School in Concord, I spent 4 years at the University of California: Berkeley, majoring in Mathematics and minoring in Math and Science Education. While at UC Berkeley, I worked as a student teacher in Oakland, Berkeley, Emeryville, and Concord. I also played clarinet in the Cal Band and worked as a Peer Advisor for other Math and Science Education Minors. I am so excited to be part of the LHS family. Go Lions!

Melissa Madsen

I have been here at Liberty part time for 5 years and now I am excited to be here full time. I teach Earth Science and ROP Vet Science. I have lived in Brentwood for about 10 years. I spend my non-school hours with my animals and volunteering for our community in Search & Rescue.

Lyndsie Memory

I have been a teacher going on 6 years. I came to Liberty after working at Pittsburg High School for 5 years and was teacher of the year in 2012. Prior to becoming a teacher, I was in management for various escrow and title companies working with real estate agents in both Contra Costa and Alameda Counties. I have taught all grade levels and was program coordinator for AVID. I have a 9 year old son Connor and we currently reside in Discovery Bay. My interests include quad riding, boating, camping, and skiing. I am currently pursuing my Master’s Degree in Teacher Leadership at St. Mary’s College and am so exited to be a part of the Liberty family!

Kelechi Oji

I studied Geology as my first degree and worked for a couple of years as a geologist in Nigeria, which entailed mining, drilling bore holes and excavation projects. Then, I moved to NYSC, which is a Nigerian Government program similar to “AmeriCorps” and designed for young university graduates to serve the country for one year while working in public or private organizations. This experience with young graduates exposed me to some of their challenges and difficulties which motivated me to becoming an educator. Here in the United States, I studied at Holy Names University and worked with Oakland Unified School District for 6 years before I moved to Liberty High School. I enjoy soccer, football, tennis, boxing and traveling. I am married and have four beautiful girls.

Jorge Ruiz

I am excited to be here at Liberty High School. I am a Biology Teacher. Go Lions!!

Jeff Walters

I'm originally from a small town outside of Sacramento. I have been teaching in the District for 4 years. I am married with 1 daughter and another due in December. I teach World History at LHS. I have been Coaching football for 13 years and this is my first year as head coach.
The Importance of Excellent Attendance

One of the best ways for students to earn good grades in school is by having excellent attendance. Being on time for school every day is the most important first step in the educational process. Teachers at our school put a great deal of time and energy into teaching lessons that are meaningful and directly related to the content standards for their courses.

The chart below examines the attendance of our current juniors over the past two years and compares it to their performance on the California Standards Test in English Language Arts.

The results are clear: a higher percentage of students with good attendance are proficient or advanced in English-Language Arts.

Lessons often involve a variety of activities, designed to reach students who have different learning styles. Classroom discussions are interactive and designed to help students solidify their understanding of a topic. These activities are subtly influenced by the human dynamics of the class. It is impossible for a teacher to recreate the same atmosphere when tutoring a student who has missed a lesson. Though a teacher can share the main idea behind a lesson, the “spark” of the classroom experience is lost.

Students who are on time every day send a message to the teacher that they value and respect the teacher, their classmates and learning. Those who are late interrupt the lesson, stopping the flow, forcing a teacher to fill out extra administrative paperwork and disrupting the learning that is taking place.

One way you can help is to encourage your son/daughter to attend school every day. Of course, if he/she is contagious with an illness, please keep them home until they are healthy. Students who are so sick as to miss school are probably too sick to attend night activities on campus. Try to arrange appointments for outside of class time. Another idea is to provide positive incentives for your son/daughter if attendance is excellent. Remember, pizza motivates!

Finally, in a time of lean state budgets, it is important to point out that for each day a student is not in school we lose $35 in revenue from the state of California. (I just checked today’s attendance. We have 96 absences, meaning a loss to our school of $3360.)

Thank you for helping us to provide the best education possible to our students.
2013 Homecoming Court
Girls: Alexis Ballew, Stefani Bergerhouse, Selena Cano, Aubree DeJesus, Bailey Doll, Julia Fajardo, Sydnie Gruss, Ashlynn McCool, Jessica Romero, Arianna Vega
Guys: Brad Foote, Matt Giessman, Josh Jackson, Cody Luther, Adam Mix, Ivan Oseguera, Tito Santos, Jimmie Smith, Mitchell Zamora, John Zanarini
On August 28th - Liberty High School Celebrates the 50th Anniversary of Martin Luther King’s “I Have A Dream” Speech

Liberty Students gathered in the Quad and listened as Senior William Calhoun read a portion of the speech.
Collection Drive for Military Working Dogs

The ROP Vet Science Class is putting together a Collection Drive for Military Working Dogs that are deployed over seas. Students are currently organizing a Military Working Dog Supply Drive. These dogs are highly trained tools used by the military to help save both soldier and civilian lives. Most are trained in IED detection. This skill is imperative in helping our soldiers work on their missions as well as clear areas of IED’s out of de militarized areas. Our class has taken on the challenge of providing a few more comforts of home to both our soldiers and their partners. Students will be writing letters, looking for corporate sponsors, soliciting both donated goods as well as financial donations to secure shipping, helping to purchase, pack, ship all the donated goodies to our K9 forces.

We are looking for donations for K9’s of:
- Strong & durable Dog toys (i.e. Kongs, tennis balls, dura chews, rawhides) - We want to keep these animals mentally focused and enjoying their jobs.
- Medical supplies (vet wrap, vetricyn, rubbing alcohol gauze pads and flea collars and more) - Many teams are far away from formal vet care and they need care & medical supplies
- Dog protective wear - Doggles and k9 booties (yes doggy goggles and booties). Much of the terrain these dogs patrol is very harsh.

For their Human handlers we would love to see things like:
- Nuts - peanuts, almonds, pistachios, etc.
- Granola Bars / Fruit Bars
- Powdered Drink mixes - Gatorade, Propel, etc. (bottled water size)
- Fruit Snacks
- Beef Jerky / Slim Jims
- Gum
- Canned Fruit (pop top cans or plastic cups)
- Chex Mix
- Coffee
- Hot Chocolate
- Sunflower Seeds
- Instant Oatmeal / Single Size Cereal Boxes
- Raviolis / Tuna Kits / Spam (pop top cans)
- Pens
- Writing paper
- Batteries (AA)
- Tylenol
- Sunscreen
- Hygiene Wipes (baby wipes)
- White sport socks

We are hoping to teach the students about professionalism, philanthropy, as well as learn about what it takes to train and maintain a working dog.

If you are interested in knowing more please feel free to email Mrs. Madsen at madsenm@luhsd.net
California Scholarship Federation & National Honor Society

Hello Parents! Does your child have good grades? Are they on the Honor Roll? Do you want them to go to college? Do you want them to earn a scholarship for college? Then have them join CSF and NHS now!!! (California Scholarship Federation and National Honor Society) They may come to N-18 or the Career Center to pick up an application. Applications are still being accepted and may be turned in to Mrs. Cocksedge in N-18. Seniors who have four semesters of membership get to wear honor cords at graduation and can get a scholarship for college!! Past members need to re-apply every semester. Contact Mrs. Cocksedge for more information.

Spirit Shirts For Sale

Spirit Shirts for Sale! Spirit Shirts for Sale!
Does your child need a Liberty Spirit Shirt to wear during Spirit Weeks and/or at school events? The NHS Club is selling Spirit Shirts for only $15! They do not have a date, so they can be worn for multiple years. We have many in stock now!! Students may come to N-18 to see the design and get their shirts.

Liberty Dance Team

Congratulations to the Liberty High School Dance Team! Both the Junior Varsity and Varsity Teams scored a first place and bid to nationals on September 28th at the USA Regional competition in Santa Cruz. The Varsity Team took home a first in the Varsity Advanced Division while JV took a first in the JV Intermediate Division. In addition to their performances at upcoming home football games the teams will now focus on preparations for their Fashion Show on November 23 in an effort to raise funds for competitions and Nationals. If you would like to donate to or help with the fashion show, please contact Jennifer Watson @ watson@luhsd.net
The Public Art & Design Academy

We have officially begun this school year as PADA, no longer the Arts and Humanities Academy. Our Seniors are working in their internship class to present formal ideas to the city for a Mosaic Mural on the sound wall that wraps around 2nd St. onto Brentwood Blvd. They will be approaching the Brentwood Arts Commission with their final concepts on September 18th at 7pm. All are welcome to attend! The PADA Juniors have been learning to work with digital design programs so they can be prepared for their own Senior Internship project next year. The PADA Sophomores are busy constructing large flowers out of recycled materials to create our Homecoming float!

Creative Writing Club

A Creative Writing Club is getting started at Liberty High School. If you are interested, please contact Ms. Tassano in J3 for details!

Honor Roll Assembly For Spring 2013

Students are being recognized in four different categories (Honor Roll, Principal’s Honor Roll, Academic Letter, and Straight A’s) based on the grade point average earned Spring semester.

Honor Roll certificate is awarded to those who earned a GPA between 3.25 and 3.74

Principal’s Honor Roll is awarded to the students who earned a GPA between 3.75 and 3.99

Academic Letter is awarded to the students who earned 3.75 GPA and who have taken 5 out of 8 college prep classes in either the Fall or Spring semesters -or- scored Advanced on ALL CST exams.

Straight A’s – these students earned a GPA of 4.0 or above.

Students are also recognized for PERFECT ATTENDANCE – these students did not miss a single period (other than for school activities) or had any tardies for the entire Spring semester.
Fall Sports are up and running! Our athletes and coaches are doing a great job of representing Liberty High School so far. Here are the events for Fall Break. There are many opportunities to head out and see some great competition, and to support our hard-working athletes! Go Lions...PRIDE MATTERS! For updates on results, follow our Twitter feed: @LHSLionsSports

Note: Games in **BOLD** above are home games at LHS

For more sport schedules, please go to Libertyunion.schoolwires.net and click on Athletics Tab.
